**RE: FCC FORM 481 – CARRIER ANNUAL REPORTING DATA COLLECTION
CONFIDENTIAL FINANCIAL INFORMATION - SUBJECT TO PROTECTIVE
ORDER IN WC DOCKET NOS. 10-90, 07-0135, 05-337, 03-109, CC DOCKET NOS. 01-
92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL
COMMUNICATIONS COMMISSION (FILED IN DOCKETS 14-58) AND
CONFIDENTIAL FINANCIAL INFORMATION FILED PURSUANT TO SECTIONS
.457 AND .459 OF THE FEDERAL COMMUNICATIONS COMMISSION RULES**

Dear Ms. Dortch,

South Central Communications, Inc. hereby submits the attached redacted and confidential versions of its "FCC Form 481 – Carrier Annual Reporting Data Collection" financial information pursuant to sections §54.313 and §54.422 of the Commission's rules, as filed with the Universal Service Administrative Company.

Section 3005 of Form 481 requires the filing of financial information per 47 C.F.R. §54.313(f)(2). Company maintains that this information is "Confidential Financial Information" on the grounds that it is competitively sensitive information which could be used to disadvantage or harm Company and is submitting this information pursuant to Protective Order, DA 12-1857 as described below. In addition, Company is requesting confidential treatment pursuant to sections 0.457 and 0.459 of the Commission's rules for the Five-Year Service Quality Improvement Plan that is required by section 54.313(a)(1) to be attached to this report. Similar to the financial information submitted under section 54.313(f)(2), the information contained in the Five-Year Service Quality Improvement Plan contains competitively sensitive information, including but not limited to projected build-out plans and capital expenditures, that is secure from public access that could be used by a competitor to disadvantage or harm the Company.

First, South Central Communications, Inc. is submitting the 54.313(f)(2) "Confidential Financial Information" as a "Stamped Confidential Document" with each page bearing the legend CONFIDENTIAL FINANCIAL INFORMATION - SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-0135, 05-337, 03-109, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION and also submitting the .457 and .459 "Confidential Financial Information" as a "Stamped Confidential Document" with each page labeled "CONFIDENTIAL - NOT FOR PUBLIC INSPECTION". One copy of the "Stamped Confidential Document(s)" and accompanying cover letter are enclosed.

Second, South Central Communications, Inc. is submitting the "Stamped Confidential Document(s)" as a "Redacted Confidential Document" where the "Confidential Financial Information" has been redacted. Two copies of the "Redacted Confidential Document(s)" and accompanying cover letter with each page labeled "REDACTED - FOR PUBLIC INSPECTION" are enclosed.

Finally, South Central Communications, Inc. is submitting two copies of the "Stamped Confidential Document(s)" and accompanying cover letter to Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau, Federal Communications Commission, 445 Twelfth Street S.W., Room 5-A452, Washington, D.C. 20554.

FCC Form 481 was also filed prior to July 1st with the Iowa Utilities Board.

Please contact me with any questions you have on this filing.

Sincerely,

/s/ Dave Beier

Report on the Financial Statements

We have audited the accompanying balance sheets of South Central Communications, Inc. (a Missouri corporation) as of December 31, 2013 and 2012, and the related statements of income, stockholders' equity and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment; including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of South Central Communications, Inc. as of December 31, 2013 and 2012, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Other Legal and Regulatory Requirements

In accordance with Government Auditing Standards, we have also issued a report dated April 10, 2014, on our consideration of South Central Communications, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in assessing the results of our audit.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

South Central Communications, Inc. (herein referred to as "the Company") is a provider of telecommunications exchange and local access services, internet and telecommunications equipment in a service area located primarily in south central Iowa.

The accounting policies of the Company conform to accounting principles generally accepted in the United States of America. Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management has evaluated subsequent events through April 10, 2014, the date the financial statements were available for issue. Telephone operations reflect practices appropriate to the telephone industry. The accounting records of the telephone company are maintained in accordance with the Uniform System of Accounts for Class A and B Telephone Companies prescribed by the Federal Communications Commission (FCC) as modified by the state regulatory authority.

Cash Equivalents

All highly liquid investments with a maturity of three months or less at the time of purchase are considered cash equivalents.

Accounts Receivable

Receivables are reported at the amounts the Company expects to collect on balances outstanding at year end. The Company monitors outstanding balances and periodically writes off balances that are determined to be uncollectible. The Company has concluded that losses on balances outstanding at year end will be immaterial.

Investments

Marketable securities bought and held principally for selling in the near future are classified as trading securities and carried at fair value. Unrealized holding gains and losses on trading securities are reported in earnings. Marketable securities classified as available-for-sale are carried at fair value with unrealized holding gains and losses recorded as a separate component of stockholders' equity. Debt securities for which the Company has both the positive intent and ability to hold to maturity are classified as held-to-maturity and are carried at amortized cost. The Company uses the average cost method of computing realized gains and losses.

Nonmarketable equity investments over which the Company has significant influence are reflected on the equity method. Other nonmarketable equity investments are stated at cost.

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Goodwill

Goodwill assets deemed to have indefinite lives are stated at the lower of cost or fair value. These assets are subject to periodic impairment tests.

Property, Plant and Equipment

Property, plant and equipment is capitalized at original cost including the capitalized cost of salaries and wages, materials, certain payroll taxes and employee benefits.

The Company provides for depreciation for financial reporting purposes on the straight-line method by the application of rates based on the estimated service lives of the various classes of depreciable property. These estimates are subject to change in the near term.

Renewals and betterments of units of telephone property are charged to telephone plant in service. When telephone plant is retired, its cost is removed from the asset account and charged against accumulated depreciation less any salvage realized. No gains or losses are recognized in connection with routine retirements of depreciable telephone property. Repairs and renewals of minor items of telephone property are included in plant specific operations expense.

Long-Lived Assets

The Company would provide for impairment losses on long-lived assets when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount. Based on current conditions, management does not believe any of its long-lived assets are impaired.

Income Taxes

The Company is included in the tax return with its parent for income tax purposes. For financial reporting purposes, income taxes are presented by apportioning the consolidated tax provision in the ratio of the income taxes to be paid as if each were filing a separate return.

Income taxes are accounted for using a liability method and provide for the tax effects of transactions reported in the financial statements including both taxes currently due and deferred. Deferred taxes are adjusted to reflect deferred tax consequences at current enacted tax rates. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred taxes arise from property, plant and equipment and certain payables. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible, when the assets and liabilities are recovered or settled.

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition

The Company recognizes revenues when earned regardless of the period in which they are billed. The Company is required to provide telephone service to subscribers within its defined service territory.

Local network service and internet revenues are recognized over the period a subscriber is connected to the network.

Network access and long distance service revenues are derived from charges for access to the Company's local exchange network. The interstate portion of access revenues is based on a cost separation procedure settlement formula administered by the National Exchange Carrier Association (NECA) which is regulated by the FCC. The intrastate portion of access revenues is billed based on an individual company tariff access charge structure filed with the Iowa Utilities Board (IUB). The tariffs developed from this structure are used to charge the connecting carrier and recognize revenues in the period the traffic is transported based on the minutes of traffic carried.

Reported network access revenues are estimates subject to settlement adjustments in the near term resulting from changes in expense and plant investment levels and rate of return experience.

Revenues from network access and long distance services were decreased by [REDACTED] and [REDACTED] in 2013 and 2012, respectively, as a result of adjustments to prior years' estimates.

Other revenues include contractually determined arrangements for the provision of billing and collecting services and are recognized in the period when the services are performed.

Revenues from system sales and services are derived from the sale, installation, and servicing of communications systems. Customer contracts of sales and installations are recognized using the completed-contract method which recognizes income when the contract is substantially complete. Rental revenues are recognized over the rental period. Credit is granted to customers, substantially all of whom are located in south central Iowa.

The Company recognizes internet related revenues charged to its end user customer in the statements of income as internet services. Included in network access services is the settlement received from NECA related to using the regulated plant facilities to provide internet services. Payments made to NECA under the wholesale DSL program associated with the use of the regulated plant facilities to provide high speed internet service are included in cost of internet services and totaled [REDACTED] in 2013 and 2012, respectively.

Advertising Costs

Advertising costs are expensed as incurred. Advertising expenses were [REDACTED] and [REDACTED] in 2013 and 2012, respectively.

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements

The Company determines the fair value of its financial assets and liabilities based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The following three levels of inputs may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Reclassifications

Certain reclassifications have been made to the 2012 financial statements to conform with the 2013 presentation.

NOTE 2. SECURITIES INVESTMENTS

The amortized cost and fair value of held-to-maturity securities are:

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
<u>December 31, 2013:</u>				
Held-to-Maturity:				
U.S. Treasury securities				
Amounts classified as:				
Temporary investments				
<u>December 31, 2012:</u>				
Held-to-Maturity:				
U.S. Treasury securities				
Amounts classified as:				
Temporary investments				

Investments measured at fair value are valued at Level 1 in the fair value hierarchy.

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 3. GOODWILL

Goodwill consists of the following:

	<u>2013</u>	<u>2012</u>
Balance Beginning of Year		
Goodwill impairment		
Balance End of Year		

The Company annually assesses its recorded balance of goodwill for impairment. As a result, the Company determined an impairment of  related to goodwill existed as of December 31, 2013. The impairment occurred as a result of increases in the basis of plant assets and reductions in revenues and operating cash flow and reduction in the market value of companies recently sold in the same line of business. Accordingly, the fair value of the asset was determined to be less than the asset's carrying value. Fair value was determined using Level 3 in the fair value hierarchy. The impairment loss of  is presented in the income statement as an operations expense.

NOTE 4. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment includes the following:

	<u>2013</u>	<u>2012</u>
Telephone plant in service:		
Land		
Buildings		
Other general support assets		
Central office assets		
Cable and wire facilities		
Other plant and equipment		
Total property, plant and equipment		

Depreciation on depreciable property resulted in composite rates of 3.90% and 6.61% for 2013 and 2012, respectively.

Beginning January 1, 2013, the Company's depreciation rate on buried cable was decreased to more accurately reflect the estimated remaining service life of this equipment. This change resulted in approximately  less depreciation expense in 2013 compared to 2012 on these assets.

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 5. INCOME TAXES

Income taxes reflected in the Statements of Income consist of the following:

	<u>2013</u>	<u>2012</u>
Federal income taxes:		
Current tax expense		
Deferred tax benefit		
State income taxes:		
Current tax expense		
Deferred tax benefit		
Total income tax benefit		

Cash received for income taxes and estimated income taxes for 2013 and 2012 totaled [REDACTED] respectively.

Deferred federal and state tax liabilities and assets reflected in the Balance Sheets are summarized as follows:

	<u>2013</u>	<u>2012</u>
Deferred Tax Liabilities		
Federal		
State		
Total Deferred Tax Liabilities		
Deferred Tax Assets		
Federal		
State		
Total Deferred Tax Assets		
Net Deferred Tax (Assets) Liabilities		
Current Portion		
Long-term Portion		
Net Deferred Tax (Assets)/Liabilities		

The tax provision differs from the expense that would result from applying the federal statutory rates to income before income taxes because of state income taxes.

The Company has evaluated its income tax positions and has determined that there are no uncertain income tax positions that need to be recorded or reported in the financial statements at December 31, 2013.

The Company's federal and state income tax returns for years 2010 to present remain subject to examination.

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 6. RELATED PARTY TRANSACTIONS

The Company is a wholly-owned subsidiary of Grand River Mutual Telephone Corporation which provided certain accounting, commercial and other operational services at cost aggregating [REDACTED] in 2013 and 2012, respectively.

In addition, the Company's customers subscribe to the parent company's long distance service. In connection with this service, the Company received from and paid to Grand River Mutual Telephone Company as follows during 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Received from:		
Billing and collection revenue		
Paid to:		
Toll service billing		

NOTE 7. CONCENTRATIONS OF CREDIT RISK

The Company grants credit to customers, all of whom are located in the franchised service area, and telecommunications intrastate and interstate long distance carriers.

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash equivalents and temporary investments. The Company places its temporary investments in several financial institutions which limits the amount of credit exposure in any one financial institution.

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents.

NOTE 8. BROADBAND INITIATIVES PROGRAM GRANT

[REDACTED]

**SOUTH CENTRAL COMMUNICATIONS, INC.
PRINCETON, MISSOURI**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012**

NOTE 8. BROADBAND INITIATIVES PROGRAM GRANT (Continued)

NOTE 9. REGULATORY MATTERS

The Company received 51% of its 2013 revenues from access revenues and assistance provided by the Federal Universal Service Fund. As a result of the National Broadband Plan the manner in which access revenues and Universal Service Funds are determined has been modified by the Federal Communications Commission in an order effective December 29, 2011. Among other things, this order provides for (1) a requirement to provide broadband services; (2) the establishment of a Connect America Fund (CAF) to replace current USF and high cost support mechanisms with a cap on the total fund; (3) modifications to the current rate of return support model including caps on the recovery of certain expenditures; (4) a reduction in the terminating access charges billed by the Company over a nine year period with eventual transition to a bill-and-keep framework for the exchange of traffic between carriers; (5) a new access recovery charge on monthly customer bills; and (6) a national framework for reporting and oversight.

The order calls for further guidelines to be adopted on implementation and other topics. Portions of this order applicable to the Company are being challenged. Accordingly, neither the outcome of these proceedings nor their potential impact on the Company can be predicted at this time.
